

My name is Suzi and I am writing from BBC Studios' award-winning Factual Entertainment department.

BBC Studios is the world's leading production company with unrivalled output, skillset and experience. We produce internationally acclaimed television events such as the Royal Wedding, D-Day and the VJ commemoration, award-winning documentary series such as The Met: Policing London, landmark pieces such as Planet Earth II and national fundraisers such as Children In Need and Sport Relief.

I am getting in touch because we are producing a ground-breaking, peak-time series which sets out to illustrate the qualities needed to succeed as a detective in a leading British police force.

We are keen to reach out to experienced retired Detective Chief Inspectors or Detective Superintendents who might be interested to hear more about the project and potentially be involved as it progresses.

With this in mind, I hoped you could help circulate my contact details to members of those rankings at NARPO. This is a brilliant opportunity for a retired DCI or DS to share their experience, wisdom and expertise for the programme. Their involvement in this series would be invaluable.

I look forward to hearing back from you and hope you can help. If you know anyone that would be great for us to speak then we'd also love to hear.

Very best wishes,

Suzi
